Education

CUNY, College of Staten Island

Expected Jun 2026

B.S. in Computer Science

Relevant Coursework: Data Structures and Algorithms, Computer Architecture, OS Programming, Cybersecurity, Databases, Modern Web Development, Software Engineering

Skills

- **Programming:** Python, C++, JavaScript, HTML/CSS, MySQL, PowerShell
- **Technologies:** Linux, Azure, AWS, Active Directory, Wireshark, JupyterLabs
- **Certifications:** Cisco Cybersecurity Technician, CompTIA Security+ (in progress)
- **Languages:** English and Arabic (Fluent), French (Intermediate)

Experience

College of Staten Island — IT Help Desk

Jan 2024 – May 2025

- Delivered tier-1 support to 500+ students and staff via email, phone, and walk-up, resolving 95% of issues on first contact.
- Improved device uptime by streamlining printer troubleshooting and documenting repeat fixes.

MSI Net Inc. — Cybersecurity & IT Intern

Jun 2024 – Aug 2024

- Set up and imaged 100+ student laptops and Bloomberg terminals with monitoring software for schools such as William Farrell High School in Staten Island, Fontbonne Hall Academy in Bay Ridge, and several other NYC locations
- Automated endpoint configuration using PowerShell scripts, cutting setup time by 30%.

Projects

PortScanner

GitHub

- Built a multi-threaded Python TCP scanner to identify open ports and service banners across defined ranges.
- Produced structured CSV/JSON output for rapid vulnerability analysis.

Cloudless SOC: Brute Force Detection

GitHub

- Python/Streamlit app that ingests authentication logs and flags bursty failed-login activity using a sliding-window algorithm.
- Generates interactive dashboards and exportable reports for Security Operations Center triage.

Research: Role of AI Super-Intelligence in Security

- Analyzed how advanced AI systems could alter offensive and defensive cyber tactics.
- Authored a paper outlining mitigation strategies and emerging policy considerations.

Other Experience

Home Depot — Garden Associate

Apr 2025 – Aug 2025

Provided customer service, maintained inventory, and organized garden-center operations.
