Education

CUNY College of Staten Island — Expected May 2026
B.S. in Computer Science
Relevant Coursework: Data Structures and Algorithms, Computer Architecture, Operating Systems, Cybersecurity, Databases, Software Engineering

Certifications

Cisco Certified Cybersecurity Technician (CCST)
CompTIA Security+(in Progress)

Skills

- **Programming:** Python, C++, JavaScript, HTML/CSS, SQL, PowerShell, Bash

- **Systems and Support:** Windows 10/11, macOS, Linux, **Active Directory**, Group Policy, Imaging and Deployment, Endpoint Management

- **Networking:** TCP/IP, DNS, DHCP, **Wireshark**, **Nmap**

- **Security and Monitoring:** Log Analysis, Event Viewer, Basic Threat Detection

- **Cloud:** Microsoft **Azure**, AWS (Fundamentals)

- **Languages:** English and Arabic (Fluent), French (Intermediate)

Experience

IT Support Technician - College of Staten Island — Jan 2024 – May 2025

- Delivered in-person **technical support** to students and staff, including account access troubleshooting and **password credential resets**.

- Diagnosed and repaired **networked printer and print queue issues**, reducing downtime across multiple lab environments.

Cybersecurity and IT Intern - MSI Net Inc. — Jun 2024 – Aug 2024

- Deployed and configured **500+ workstations** at **Fontbonne Hall Academy** and **Monsignor Farrell High School**, including OS imaging, application setup, and network onboarding.

- Resolved issues through a **ticketing system**, troubleshooting hardware failures, user login/access problems, and printer / classroom AV setups.

Projects

Cloudless SOC - Brute Force Detection — GitHub

- Built a **Python log analysis pipeline** to detect bursty failed-login attempts using a sliding threshold algorithm.

- Developed a **Streamlit dashboard** to visualize authentication activity and support SOC triage.

Port Scanner (Python) — GitHub

- Developed a **multi-threaded TCP port scanner** to enumerate exposed services on target hosts.

- Generated structured **banner output** for rapid vulnerability analysis.

Other Experience

Garden Associate - Home Depot — Apr 2025 – Aug 2025
Provided customer service, maintained inventory, and organized garden center operations.
